## **DETAILED ACTION**

### ***Reissue Applications***

The amendment filed 11/10/08 proposes amendments to the claims that do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. A supplemental paper correctly amending the reissue application is required.

The amendment filed 11/10/08 is non-compliant because applicant provides a listing of the status of the claims which includes claims 21 and 25 as pending even though claims 21 and 25 were cancelled along with claim 15 in the amendment filed 6/20/07.

Furthermore, "applicant is strongly encouraged to submit a full and complete listing of the text of all claims as currently pending to ensure the correct version of each claim is printed should the case become allowed."

### ***Response to Amendment***

Applicant's arguments filed 12/2/09 and 12/17/09 have been fully considered but they are not persuasive. Applicant fails to provide amendments to the claims in proper reissue amendment format. Also, applicant fails to provide a full and complete listing of the text of all claims with proper identifier as currently pending.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
